Al Sahab – Quarter 1 – 2017

A fresh coat of paint

Parking entrances are a very important feature of the community as they are a functional and focal point of entry into the building. So to maintain the entrances in line with the high quality standards of the community, a comprehensive painting project was undertaken. The project covered all entrances and basements, making the area look brighter and increasing visibility of road and wall markings.

Stop and drive carefully!

To promote safety and in our continuous endeavours to improve the well-being of the community, 'STOP' signage have been installed at key locations, along the driveways and parking areas.

Blooming receptions

Flowers have a power like no other. It creates excitement and energy, lifting spirits and conveys a symbolic message of being welcoming and warm. We wanted to bring you that experience with our recent arrangements of orchids at your reception desks.

We hope that these blooms make you and your visitors smile and brightens your day every time you pass by.

Being emergency-ready!

One of the many reasons our communities are the most sought-after places to live in is the security and safety they offer.

In order to educate our staff and ensure safe and efficient evacuation of all our residents in the event of an emergency, we have developed a detailed Emergency Preparedness Manual. This document teaches building staff about the immediate actions to be taken within the first few minutes of an incident. Comprehensive floor drawings with fire extinguishers and stairwells locations and access routes have also been included to help response teams conduct operations in a quick and efficient manner.

The manual also lists out the contact details of important personnel to be contacted at each site. A copy of this manual is kept at each community office for quick reference and faster action.

Apply & pay at your concierge

We have introduced credit card machines at all concierge desks to help save your time and effort in applying for access cards or storage cages. This means you no longer have to wait to visit a community office and can get access or storage space instantly.

Here's an easy three-step to do this:

- Collect an application form from your concierge desk
- Submit a completed form with attached documents. Once your documents have been reviewed, you will be notified by the concierge.
- Please make your payment at the concierge desk and collect your receipt before using the facility.

Wall to prevent water damage

No one likes to walk up the stairs after a long day at work or experience a power cut.

To eliminate the risk of water entering elevator shafts and corridors in the unlikely event of water leakage, a bund wall has been constructed at various locations where water meter rooms are located.

This will also help prevent extensive damage to building assets.

Know the ABCs of your service fees

As a homeowner, you would have received your Community Service Fees (CSF) Invoice earlier this year, along with a detailed document about the monies going into your community – your CSF Info Pack 2017.

The CSF Info Pack is customised for each community to provide information about the budget for the 2017 CSF as well as general information regarding ongoing plans to ensure the financial health, longevity and high quality of the community. The CSF is carefully calculated to cover not only the costs involved in keeping your community running smoothly but to also make improvements, based on your feedback and to introduce the latest industry innovations in terms of efficiency and sustainability.

If you haven't received your Info Pack yet or just want to find out more, write to us at communities@ecm.ae and we'll email you your CSF Info Pack 2017.
